Subject: Recognition of the Riverside County Water Task Force

Dear Supervisor Ashley:

I would like to take this opportunity to applaud the efforts and the initiative of the Riverside County Water Task Force. Water delivery, conservation and monitoring are critical issues for the state of California, especially right now as California is currently in its 3rd year of drought. I am encouraged by the efforts of entities such as the Riverside County Water Task Force whose members come together to make water conservation a priority and work diligently to address water-related issues in a regional forum.

The work the Water Task Force has accomplished, including its Local Model Water Efficient Landscaping Ordinance, is a prime example of how Riverside County is leading the way in demonstrating what can be done to mold state initiatives for better application at the local level. It has come to my attention that this effort in particular has been complemented by the California Department of Water Resources as a positive example of a collaborative endeavor, and I am pleased to have the opportunity to further recognize this effort.

Once again I would like to thank the Task Force for its work thus far. I am working diligently in Sacramento to provide a secure and reliable water source for Southern California; I look forward to hearing from and working with the Task Force to achieve these goals in a manner that can improve Riverside County's quality of life.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Jeffries", written over a circular stamp or mark.

KEVIN JEFFRIES
